

**Disclosure to Those Eligible for Medicare Part D
With HDHP 6000 (100%) Non-Creditable Coverage**

**Important Notice from the Montana Medical Association Health Care Plan & Trust
(MMAHCPT) Sponsor Board About Your Prescription Drug Coverage and Medicare**

Please read this notice carefully and keep it where you can find it. This notice has information about your current prescription drug coverage with MMAHCPT and about your options under Medicare's prescription drug coverage. This information can help you decide whether or not you want to join a Medicare drug plan. Information about where you can get help to make decisions about your prescription drug coverage is at the end of this notice.

There are three important things you need to know about your current coverage and Medicare's prescription drug coverage:

1. Medicare prescription drug coverage became available in 2006 to everyone with Medicare. You can get this coverage if you join a Medicare Prescription Drug Plan or join a Medicare Advantage Plan (like an HMO or PPO) that offers prescription drug coverage. All Medicare drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.
2. The MMAHCPT Sponsor Board has determined that the prescription drug coverage offered by the MMAHCPT HDHP 6000 (100%) Plan is, on average for all plan participants, NOT expected to pay out as much as standard Medicare prescription drug coverage pays. Therefore, your coverage is considered **Non-Creditable Coverage**. **This is important, because, most likely, you will get more help with your drug costs if you join a Medicare drug plan, than if you only have prescription drug coverage from the MMAHCPT HDHP 6000 (100%) Plan. This also is important because it may mean that you may pay a higher premium (a penalty) if you do not join a Medicare drug plan when you first become eligible.**
3. You can keep your current coverage from the MMAHCPT HDHP 6000 (100%) Plan. However, because your coverage is non-creditable, you have decisions to make about Medicare prescription drug coverage that may affect how much you pay for that coverage, depending on if and when you join a drug plan. When you make your decision, you should compare your current coverage, including what drugs are covered, with the coverage and cost of the plans offering Medicare prescription covered, with the coverage and cost of the plans offering Medicare prescription drug coverage in your area. Read this notice carefully – it explains your options.

When Can You Join A Medicare Drug Plan?

You can join a Medicare drug plan when you first become eligible for Medicare and each year from October 15th through December 7th. However, if you decide to drop your current coverage with MMAHCPT, since it is employer sponsored group coverage, you will be eligible for a two (2) month Special Enrollment Period (SEP) to join a Medicare drug plan; however you also may pay a higher premium (a penalty) because you did not have creditable coverage under the MMAHCPT HDHP 6000 (100%) Plan.

When Will You Pay A Higher Premium (Penalty) To Join A Medicare Drug Plan?

Since the coverage under the MMAHCPT HDHP 6000 (100%) Plan is not creditable, depending on how long you go without creditable prescription drug coverage, you may pay a penalty to join a Medicare drug plan. Starting with the end of the last month that you were first eligible to join a Medicare drug plan but didn't join, if you go 63 continuous days or longer without prescription drug coverage that's creditable, your monthly premium may go up by at least 1% of the Medicare base beneficiary premium per month for every month that you did not have that coverage. For example, if you go nineteen months without creditable coverage, your premium may consistently be at least 19% higher than the Medicare base beneficiary premium. You may have to pay this higher premium (penalty) as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the following October to join.

What Happens To Your Current Coverage If You Decide to Join A Medicare Drug Plan?

If you decide to join a Medicare drug plan, your current MMAHCPT coverage might be affected. The MMAHCPT plan will coordinate benefits with Medicare when a Covered Person is entitled to Medicare benefits. The MMAHCPT plan generally pays primary to Medicare except with respect to Covered Persons of small Participating Employers who are entitled to Medicare based on age, as explained in the MMAHCPT Self-Funded Health Benefits Policy.

A Medicare-entitled Covered Person may choose to accept or reject the MMAHCPT plan. However, if the Covered Person rejects the MMAHCPT plan, then the MMAHCPT plan will not be permitted to provide or pay for secondary benefits.

If you do decide to join a Medicare drug plan and drop your current MMAHCPT coverage, be aware that you and your dependents may not be able to get this coverage back.

For More Information About This Notice Or Your Current Prescription Drug Coverage...

Contact the board listed below for further information.

MMAHCPT Sponsor Board

NOTE: You'll get this notice each year. You will also get it before the next period you can join a Medicare drug plan and if this coverage through MMAHCPT changes. You also may request a copy of this notice at any time.

For More Information About Your Options Under Medicare Prescription Drug Coverage...

More detailed information about Medicare plans that offer prescription drug coverage is in the “Medicare & You” handbook. You’ll get a copy of the handbook in the mail every year from Medicare. You may also be contacted directly by Medicare drug plans. For more information about Medicare prescription drug coverage:

- Visit www.medicare.gov
- Call your State Health Insurance Assistance Program (see the inside back cover of your copy of the “Medicare & You” handbook for their telephone number) for personalized help
- Call 1-800-MEDICARE (1-800-633-4227). TTY users should call 1-877-486-2048.

If you have limited income and resources, extra help paying for Medicare prescription drug coverage is available. For information about this extra help, visit Social Security on the web at www.socialsecurity.gov, or call them at 1-800-772-1213 (TTY 1-800-325-0778).
